I observe in last year's lists that Arch McG, the father, was

marked down as a lab at wages & 1 of his sons as settler;

but this will not do as an old man like him is not fit for the

In 1815 an 'old' Neil McKinnon, his wife & 2 boys left Red R. for Upper Cda; forced out by the NW Fur Co. 140 people quit at this time; carried by canoes to Holland R. off L. Simcoe in W Gwill; in 1819 many took up land which became known as the Scotch Settlement on 6c W Gwill. Many buried in Auld Kirk Cem near Bradford (just NW of Newmkt). (no McG's on this list). However, the Journal of Arch McD, HBC Factor (Man Hist sec'n of Wpg Pub Lib) says 120 people left RR 15 June'15 for Ont; took 3mo. 1817 settled at Cashel (had been 3yrs in RR but returned to York; lot 26-5c.)

["Hist of the Co of York"; P Robinson 1885]

He d.9 Dec'29; Markham, 63yr 11mo; Presby cem, Richmond Hill, he native of Mull.

They went as settlers to RR on the "Robt Taylor" in 1812. Man Archives have LF Neil complaining of his treatment there. York Jan 1815 (which must mean that he left RR in the fall of 1814)

"An account of the wage & entertainments given to Neil McK & his family on his passage to Hudson Bay & after arriving at RR settlement by Lord Selkirk his agent. First on the passage I would buy 30s worth of provisions from Mr Kaveny, the Chief agent to support my family & I was obliged to stand watch during the whole passage as well as those under wages. After landing at York Fort storehouse I was compelled to take all my (clothing?) & every thing I had out of my chests, leave them in York storehouse & during the whole

passage I did not get any provisions for one of my family for whom I paid £10 passage money. ...not take any of it so she was starving...oxcart to the RR settlement...& after arriving at the settlement I was obliged to work along with the servants at cutting & hewing wood & building houses for the use of the company & my family provisions...two Sabbath Days because I would not work on the Sabbath as well as the rest of the week & one morning I went out to take some fire wood for my family & them starving with the cold & for...my days provisions was kept off & I went to ...McDonald about it & he told me that he was not obliged to give me any but when he had it to spare that he would sell...it & during the whole winter & almost spring I was obliged to...buffalo met (meat) out of the plains. ...four...little better... summer three of my...was in the fever & I went to Capt Millis (Myles) McDonell & begged 1 lb of oatmeal which he refused to give me any of it. Had it not been for the Canadians whom I tred (traded) sugar & salt & at the same time Captain McDonell had oatmeal flour & barley & I had nothing in the world to give them unless fish without salt or anything. Now my agreement with Lord Selkirk was that I would get one year provisions out of the...

Also LF Selkirk at Sligo 22 June'12; "I have rec'd from Neil McK ½30 (torn) as pt of passage fee for the family of 7, & for the remaining £40 he has granted his letter of obligation; "Selkirk".

Arch McG's 2 dau's (who made their X mks) establish long lines in Man. Cath wed John Pritchard in Man. John had run away from his Shropshire home against his parent's wishes & came to Cda in 1800. He had been the middle 1 of 13 kids SO Sam, a Shrewsbury hatter. He became a clerk with the NW Co. In 1804/5 he was sent W by the XY Co & spent time at Ft Souris. The HBC had a fort at Brandon House & NWC had Assinaboine House (built by David Thompson 1798). Pritchard was lost on the plains in '04/5 while going to Oak L, but was saved by Indians. The NW Co prevented him settling at Red R so he went to Montreal but returned 1814/5 to warn the settlers & gov'r of impending fur trader wars. A contempory said 'little Pritchard is eager to go to Red R; full of love & enthusiasm; has a japon ?? lady there who he admires. A Metis friend saved his life at the 7 Oaks Massacre in '16. He's in London in '19; giving Parl. evidence. Became Selkirk's London rep. Selkirk's family had supported the Fr rev'n. Selkirk was 30 when he got his title in 1799. He had a single-minded stubbornness re ends & an imaginative flexibility re means. By 1810 Selkirk controlled the HBC. The first RR settlers had arrived in 1811.

'Japon' meant a dark color & hence an Indian lady. It was likely this 'country wife' factor that saved his life at 7 Oaks. She must have d. or been 'divorced' in late '14 or early '15 because he wed Cath in May'15. Alfred Silver in "RR Story" p.148 says this Japon lady was Cath McG\*, an illegit DO Wm or another McG fur trader.

This book & his follow-up one "Where the Ghost Horse Runs" are about Cuthert Grant jr (1793-1854) & 7 Oaks (1816); who founded St Francis-Xavier. Alex Ross's "The RR Settlement" is boring.

1815 brought a gen'l eco collapse in Br & thousands of disbanded soldiers & sailors. >1815 gov't assisted emigrants. [111]

In Aug'20 Pritchard returned & set up the Buffalo Wool Co (a failure).

July'25 Mrs P. & kids & he work in garden & fields.

3 cows, 3 calves; fishing & hunting.

Winter 1825/6 was very hard & the '26 spring flood did much damage; house, etc destroyed & ruined Buffalo Wool Co.

This may be when Arch, his wife & 2 boys return to Scot.

Aug'28 no theft or crime

Arch is back at Cameron by Moy in '35 (or d.; for sure <'38)

He called a crofter in '72. Mary, b.1773 (2nd dau of Hector??)

lived at & dies at Lochbuy Apr/May'35. Sons Hugh & John live in Kinlochspelve area & Hugh is at Lochbuy in '41.

The kids split an inheritance (£14 ea) due their mother (& 10 others on her father's side - McLeans) from Miss Mary MacLean (late matron of Poor's Town's Hosp; Glas) who d.6/'34. Total Will's estate= £320 thus lawyers took 1/2.

 There are also a Hugh & John L. in RR. & a Miles L.

On 22 Mar'19, Neil Livingston (says he's father of Don in RR) writes from Islay [Selkirk papers P.6006] to John Pritchard at #5 Queen St, Edgeware Rd, London; saying "I have got a letter a few days ago from Mull from your mother & bro's-in-law". (JP's parents had d. in Shropshire some yrs before)

In 1840 the parents & 4 youngest kids moved to Scotch Grove, Jones Co, Iowa (no descendants in Wpg now)

=John b.1787/90. A letter, likely from Lochbuie, to A.

McLean of Carsaig; re. the heir, John McG (likely of

Kinlockspelve) "informs me that you wish to know the nature of the security in regard to the legacy of which he has part. W. Stewart & myself (they had Power of Att) are under an obligation of £400 to exchequer in case any other having a better right than those for whom we acted come fwd to claim the subject left by Ms McL. in Glas". Miss Mary was very fond of her aunt, Mrs Miller; but, she died intestate, & the exec's had to advertize - & rel's came out of the woodwork. Alex McG wrote that Miss Mary's mother's side rel's (Greenock ?) are objecting but are unlikely to win altho they've spent considerable \$ to prove their claim. This is likely the Alex McG who was given a split - he had no rt but has done lots of work & has spent £20. wed 25 Dec'07; Inv, he esq, ≈47yrs; she Miss McKinzie; Photo ✓ she eldest DO Dr Wm of Inv or Glas.

He was in a Mercantile House on Is. of Mauritius (s of Madagascar).

There is a letter from him at Bath, Jamaica where he also

looked after Col John's estate.

Was said to be old (rhumatic) in 1788??

As a younger son he had to make his own fortune but got

some help from Col John, a distant cousin. Found success

in America & owned the "Sunflower" estate in Jamaica, which he bought from a Mr Taylor.

His grd-son, Lachlan, wrote LT neice "your paternal grd-dad

b., pos'n & ed'n a gent. He wed the DO of the chief of the

McPherson's. His maiden sister Janet left her estate to the

step-mom (Kennedy). He had to sell his estate due to #2's

extravagance. He had an estate in America left him by

Col McG\* which he sold. After it failed, L. jr sailed to Ldn

with £2500 & then went to Oz. L. sr was strongly built man,

scarcely middle height, strong marked features, not unhandsome,

studious habits, proud & distant & with a very bad temper".

hypochondriac (causeless depression).

His Will (made Apr 1813 in Ldn) leaves the bulk of his estate to

wife (Anna McK McG\*), son Rev Lachlan, & dau Mary Randall.

It states these are his "lawful" kids & that Jim/Lachlan & Janet are his "reputed" kids & both these latter are under age 21.

In *The McG\* & McIntosh Traders* by Amos/J Wright jr; states that Lachlan, on 10 June 1797 'sponsored the bapt of a malatto man named James, probably his son.' Could this be James/Lachlan below? It goes on to say Lachlan sponsored other such slave bapt's during the period 1797-1810.

Neil won but didn't fully pay so 2nd suit against chief Neil

Lachlan's lawyer (Tho Thomson of Ed) advised him in '55

Also says (but I can't figure out); Don (1<sup>st</sup> named so likely eldest) & Wm

The original "King" McG\* was Arch who had land in

Charlottenburgh (bought s<sup>1</sup>/<sub>2</sub>1-7c in 1810; to his son

John in 1840), altho his orig grant was 17-6c Lochiel

(ie. 17-15c Lanc which he rec'd 1784) where a desc

lives today. Called "Spring Creek Farm" & sometimes

its owners called 'of the creek'. Arch worked on

building the King's Rd from Montreal to Kingston thru

Martintown. Hence the nick-name which was necessary

because of all the Arch's in the area. An Angus "King"
