
Evan Diamond

CAREER SUMMARY

Evan Diamond specializes in technology-enabled business transformation and IT Strategic Planning. He has the technical and communication skills required to assist his clients to successfully plan and architect technology-enabled business transformations. He has more than 30 years of experience in information technology, including over 20 years of experience in IT management consulting. Most recently, he worked as a freelance consultant to a number of federal government departments, including Global Affairs Canada, the Canada Border Services Agency, and Shared Services Canada.
